Streamline Vendor Onboarding and Compliance

SMRTR COMPLIANCE™

SMRTR COMPLIANCE provides an affordable solution that drives down the expense of onboarding and automates tracking documentation required for vendor onboarding and compliance.

Your organization has information requirements of your vendors to meet internal and external regulatory compliance as well as quality assurance guidelines. SMRTR offers a solution that meets the needs of manufacturing and distribution companies.

Eco-friendly and socially conscious organizations care about eliminating waste as a competitive advantage. Mitigating risk is imperative to avoiding

unplanned costs. So when your business procures raw materials or inventory items for manufacturing, assembly or distribution; you can be assured that you have all the information you need to fulfill regulatory requirements, quality control processes and traceability. For example, SMRTR COMPLIANCE for Food & Beverage is ideal when fulfilling FDA regulatory requirements when traceability is critical to your operations.

Let us help you reduce costs by automating your onboarding process, avoid risk by maintaining vendor compliance and provide you with an affordable and distinct competitive advantage.

KEY CAPABILITIES

- Manage vendor onboarding requirements
- Automate notifications and reminders
- Provide easy access to a self-service portal
- Validate and approve submissions
- View compliance status through a dashboard
- Trace vendor raw goods and materials
- Manage all vendor documentation and quality control content down to a purchase order level

HOW IT WORKS

Onboarding/Compliance Requirements

Adds a list of required documentation based upon the vendor profile. Rules are applied to these documents.

Notification

Notifies and reminds vendors of the required documentation with instructions for uploading.

Attach

Vendors attach the required documentation to the portal at a company, item or purchase order level.

Workflow

Routes documents for approval. Alternatively, you may send notification of items waiting for your approval.

Mobile Approvals

Approve documents electronically via web or mobile devices.

Dashboard

Monitor vendor compliance and approve requests. Vendors can access their dashboard to track compliance and approval status.

EASY TO USE

Web access to upload and view documents and compliance status

FAST SEARCH

Keyword search with fast results

FLEXIBLE

All file formats are supported; easily filter results

SCALABLE
